CITY OF COLLEGE PARK

P. O. BOX 87137 • COLLEGE PARK, GA. 30337 • 404/767-1537

December 28, 2016

To the Honorable Mayor and City Council, and the Citizens of College Park:

State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of the City of College Park for the fiscal year ended June 30, 2016.

The Comprehensive Annual Financial Report (CAFR) consists of management's representations concerning the finances of the City of College Park. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of College Park has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of College Park's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of College Park's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of College Park's financial statements have been audited by Mauldin & Jenkins, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of College Park for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of College Park's financial statements for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Government Auditing Standards required the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited governments' internal controls and compliance with legal requirements. This report is separately issued and is not included as part of the City's CAFR.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of College Park's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City, incorporated in 1895, is located approximately nine minutes and seven miles south of Atlanta's downtown business district. The City enjoys access to Interstate Highways I-85 and I-285, as well as U.S. Highway 29, adjacent to and adjoining the Midfield Terminal Complex of Hartsfield-Jackson Atlanta International Airport. The City of College Park currently occupies a land area of 11 square miles and serves a daytime population of nearly 300,000 and 15,000 permanent residence.

The City of College Park is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing council.

The City operates under the Council-Manager form of government. Policymaking and legislative authority are vested in the governing council, which consists of a mayor and a four-member council. The governing council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and hiring the City's manager and the City's attorney. The City Manager is responsible for carrying out the policies and ordinances of the governing council, as well as overseeing the day-to-day operations of the City. The council is elected on a non-partisan basis. Councilmembers are elected to four-year staggered terms, with two councilpersons elected every two years. The mayor is elected for a four-year term. All council members are elected from their ward, while the mayor is elected at large.

The financial reporting entity (the "City") includes all the funds of the primary government (i.e. the City of College Park, Georgia as legally defined), as well as its component unit, the College Park Business and Industrial Development Authority, which is reported as a blended component unit, and the College Park Destination Marketing Organization, Inc., a discretely presented component unit. Component units are legally separate entities for which the primary government is financially accountable. The City provides a full range of services, including police and fire protection; sanitation services; the construction and maintenance of highways, streets, and infrastructure; recreational activities and cultural events; the sale of electricity; and the sale of water and wastewater treatment.

The annual budget serves as the foundation for the City of College Park's financial planning and control. All departments of the City of College Park are required to present a departmental plan for appropriation to the City Manager by the end of January of each year. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the Council for review prior to July 1. The Council is required to hold public hearings on the proposed budget and to adopt a final budget by June 30, the close of the City of College Park's fiscal year. The appropriated budget is prepared by fund, function (e.g.

public safety), and department (e.g., police). Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated budget has been adopted. For the General Fund and Hotel/Motel Tax Fund, this comparison is presented as part of the basic financial statements for the governmental funds. For governmental funds, other than the General Fund and the Hotel/Motel Tax Fund with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of College Park operates.

Current Economic Condition

College Park offers business and industry the convenience and access that comes with the presence of Hartsfield-Jackson Atlanta International Airport. College Park is serviced by three major highways; Interstate 285 and Georgia's cross country U. S. Interstates I-85 and I-75. College Park's CSX railroad mainline can handle 15 or more trains per day, connecting the City to Georgia's 5,000 miles of rail lines that transport 80 million gross tons per year.

The local economy continues to experience a gradual recovery. Local option sales tax revenues continue to increase from last years receipts. An analysis of hotel-motel occupancy tax revenues at the time of this letter reveals that by the end of the Fiscal Year 2017 that occupancy tax revenues will exceed Fiscal Year 2016 results. The assessed values of properties is expected to increase for the next fiscal year due to the increased commercial and residential development. Annexation of commercial properties has increased the City's square footage by 7.6%. Business expansion and construction continues to show improvement, which is reflected in the increase in commercial permit fees recognized in 2016.

Long-Term Financial Planning

In April 2014, the City of College Park purchased approximately 35 acres (150 lots) from the City of Atlanta stretching from two blocks east of Main Street (downtown College Park) to the College Park's Municipal Golf Course, north of Camp Creek Parkway. This property represented residential properties bought out by the City of Atlanta about 20 years ago as part of a noise mitigation program. Now that the City has concluded the acquisition of properties from the City of Atlanta, new focus has been placed on acquiring the privately held parcels located in and around the master and non-master land in the heart of College Park. The timeframe that additional properties can be purchased will dictate when the City of College Park can begin development activities in one of the largest areas of potential development in the City.

Future development of the newly acquired property is envisioned as mixed use to exclude residential development to complement what was started south of Camp Creek Parkway at the Gateway Center which is home to our 400,000 sf Georgia International Convention Center, two hotels and a 130,000 sf class A office building, now more than 97% leased. On the horizon at the Gateway Center are two additional hotels. The first hotel will be a full service Marriott Renaissance with 220 rooms and it will have retail operations on the first floor. The second hotel will have approximately 200 rooms and be located adjacent to the Renaissance and GICC. An additional office building of about 100,000 sf is also proposed for the Gateway Center area beside the existing Springhill Suites Hotel site. The opportunity to control the property in the surrounding area is important to its future development such that we can maintain a high standard of quality that

matches or surpasses what we've already established at the Gateway Center.

Major Initiatives

Redevelopment

The City has focused efforts on redevelopment in order to continually upgrade aging infrastructure and assist with the revitalization of aging commercial districts throughout the community. Programs in both the Main & Virginia Business Districts (the City's Main Street Program) and along Old National Highway serve to help strengthen existing businesses while also attracting new business and reinvestment into these areas. On Camp Creek Parkway, the Wally Park development continues to move forward. This new development is planned to hold two hotels, restaurants, pharmacy, gas station, and a secured parking facility for 2000 vehicles. The 50+/- acre site adjacent to Wally Park across Herschel Road is the next area destined for major development off Camp Creek Parkway.

On College Park's southside of town, redevelopment efforts include roadway improvements near the interchange, new sidewalk installation, and security lighting for pedestrian traffic. Working cooperatively with unincorporated Fulton County, the Old National Merchants Association, private corporate partners, and other community stakeholders, College Park is on the pathway to creating a pro-business environment. There is a residential development proposed for the southern side of the City of College Park located off of Old National Connector that will include 100 multifamily units as well as an opportunity for the redevelopment of the former Yorktowne Condominiums Complex.

Historic Main Street

The Director of Economic Development, in cooperation with the Main Street Manager, oversees the revitalization of the City's historic Main Street by bringing upscale retail, corporate, and a specialty option to the downtown commercial district. College Park was designated as a National Register District in 1996, followed in 1999 with the designation as a Georgia Main Street City by the Georgia Department of Industry, Trade, and Tourism. With over 800 contributing structures, buildings, and sites collectively listed on the National Register of Historic Places, College Park is the fourth-largest historic district in the state of Georgia.

Woodward Academy, the largest non-residential private school in the continental United States, has completed the construction of a 108,000 sf academic building in College Park. The new state-of-the-art facility is a welcome addition to the community and is just one of the new educational components that Woodward Academy has invested. A new track facility and soccer field were just constructed by Woodward Academy.

As a result of Hotel Indigo, the City of College Park also applied for grant funding through the U.S. Department of Economic Development Administration (EDA) to fund a quiet train crossings project that is located at Rugby and Main and Harvard and Main. The project was completed in May 2014 and has been a welcomed addition to downtown College Park. Across from Hotel Indigo is the Pad, newly opened 109 unit multi-purpose apartment complex.

Several new restaurants and clothing boutiques have filled empty storefronts along Main Street. The College Park Main Street Association has managed the establishment of a new pocket park that was funded by United States Department of Housing and Urban Development (CDBG) funds. The park was dedicated in May 2014 and was named as Main Street Park. During this current

fiscal year, CDBG funds were utilized to install additional lighting, place wayfinding signage, and replace damaged sidewalks, and construct a permanent outdoor stage within a 3 block area of the new park located between College, Main, Princeton, and Harvard Streets.

Old National Highway

Since 2002, approximately \$180 million in private investment has been made in the Old National Highway area. This includes both renovation and new construction projects including, the Boeing Flight Safety Training Center; a 52,000 sq. ft., \$75 million facility which trains airline pilots; an \$8 million training facility for Southwest Airlines; and various other new commercial and office renovation projects and construction of a new Dollar General store. In addition, millions of dollars in upgrades and renovations have transformed hotels along the Old National Corridor.

Upcoming projects in and around the Old National Corridor include the repaving of Old National Highway with Transportation Enhancement funds realized through the Georgia Department of Transportation in addition to the placement of sidewalks, safety lighting, and striping of roads.

Tax-Allocation District

Starting January 2017, the City of College Park will embark on a new Tax Allocation District (TAD) initiative, which will help to revitalize three major commercial corridors entering the City; Main Street, Virginia Avenue and Camp Creek Parkway. The TAD is established for the purpose of catalyzing investment by financing certain redevelopment activities in economically under performing areas of the community using public dollars. Redevelopment costs are financed through the pledge of future incremental increases in property taxes generated by the resulting new development. The TAD proceeds will therefore enhance College Park's business district and quality of life for its citizens.

Government Financial Policies

The Mayor and Council approved a GASB Statement No. 54 Fund Balance Policy during Fiscal Year 2010-2011. The policy establishes guidance concerning the desired level of fiscal year end fund balance to be maintained by the City and the management of fund balance levels and is applicable only to the General Fund of the City. In the Assigned Fund Balance classification, the City will strive to maintain an unassigned fund balance in the General Fund of between 30%-60% based upon annual budgeted expenditures.

Awards

The City does intend to submit this report to the Government Finance Officers Association (GFOA) for its consideration for awarding the Certificate of Achievement for Excellence in Financial Reporting for the Fiscal Year 2016 CAFR. We believe that the report meets the Certificate of Achievement Program's requirements for the highest standards in government accounting and financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The CAFR must, therefore satisfy both generally accepted accounting principles and applicable legal requirements.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of College Park for its comprehensive annual financial report for the fiscal year ended June 30, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards

Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

A Certificate of Achievement is valid for a period of one year only. The City of College Park has been awarded the Certificate of Achievement for submission of its CAFR for eighteen years (from 1997 to 2011 and 2013 to 2015).

In addition, for the seventh consecutive year, the City received the Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2016, also awarded by the Government Finance Officers Association and represents the highest form of recognition in governmental budgeting.

Acknowledgements

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Department of Finance and Accounting and all city employees. Each member of the department has our sincere appreciation for the contributions made respectively. Without the leadership and support of the governing body of the City, preparation of this submission would also have not been possible.

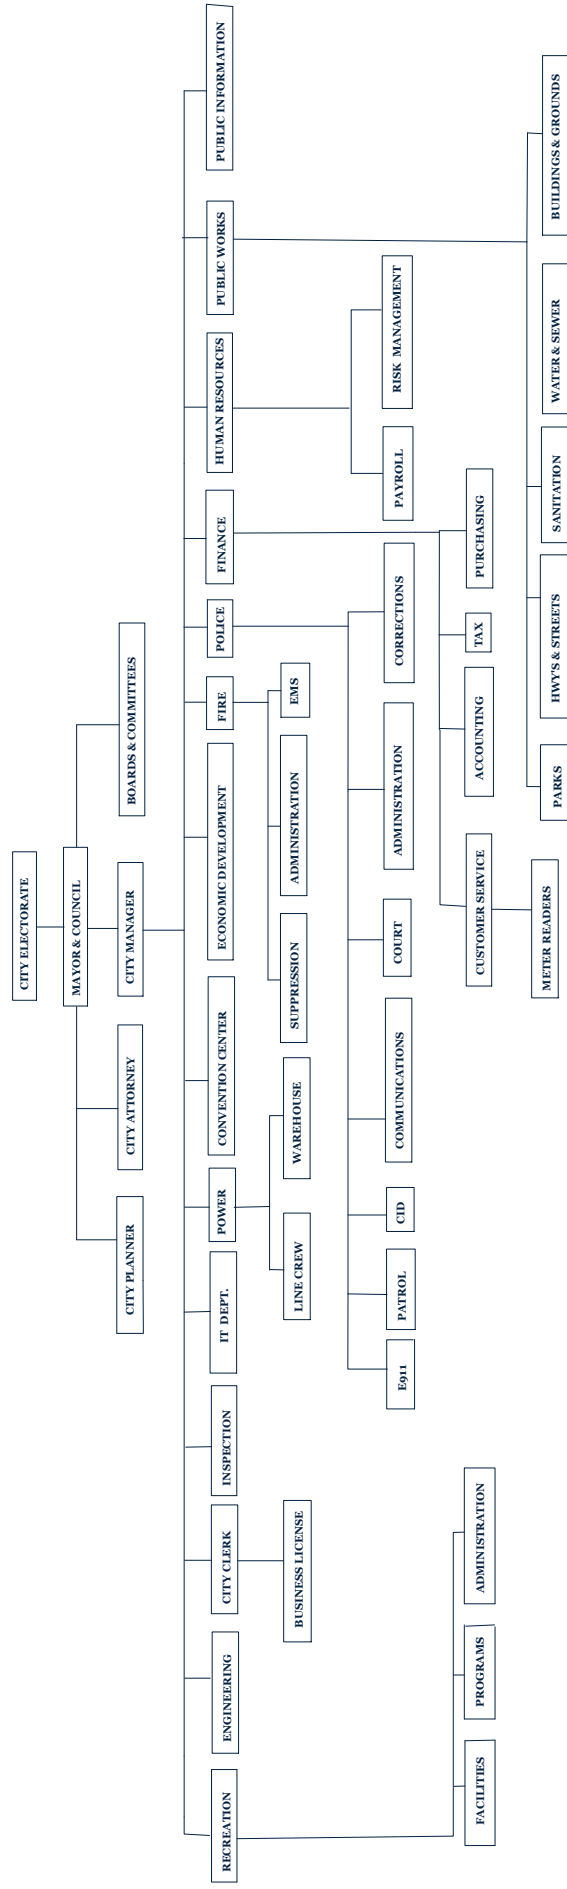

Sincerely,

Terrence R. Moore, ICMA-CM
City Manager

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**To the Honorable Mayor and Members
of the City Council
College Park, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of College Park, Georgia** (the "City"), as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the College Park Destination Marketing Organization, Inc. (the "DMO"), which represents 100% of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the DMO, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the College Park Destination Marketing Organization, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of College Park, Georgia, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparisons for the General Fund and the Hotel/Motel Tax Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 15), the Schedule of Funding Progress (on page 73), the Schedule of Changes in the City's Net Pension Liability and Related Ratios (on page 74), and the Schedule of City Contributions (on page 75) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of College Park, Georgia's basic financial statements. The combining and individual fund financial statements and schedules and the schedule of projects constructed with special sales tax proceeds (as required by the Official Code of Georgia Annotated 48-8-121), as well as the introductory and the statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Other Information (continued)

The combining and individual fund financial statements and schedules and the schedule of projects constructed with special sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of projects constructed with special sales tax proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2016 on our consideration of the City of College Park, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of College Park, Georgia's internal control over financial reporting and compliance.

Mauldin & Jenkins, LLC

Atlanta, Georgia
December 28, 2016

As management of the City of College Park, Georgia, (the "City") we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Financial Highlights

- The government-wide assets, deferred outflows of resources of the City exceeded its deferred inflows of resources and liabilities at the close of the most recent fiscal year by \$143,862,143 (net position) which includes an unrestricted balance of \$2,657,815.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$37,347,695 an increase of \$4,064,927.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$24,936,752 or 85% of total General Fund expenditures. Unassigned General Fund balance increased \$9,942,125 which is 66.3% more than the prior fiscal year.
- General Fund net change in fund balances is \$8,455,976.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets, deferred outflows of resources, deferred inflows of resources, and liabilities, with the difference between these amounts reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, recreation, inspection, engineering, building and grounds, parks, highways and streets, and interest on long-term debt. The business-type activities of the City include electric, water and sewer, convention center operations, FAA projects, redevelopment, storm water, sanitation, and golf course operations.

The government-wide financial statements can be found on pages 16 and 17 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of College Park, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three (3) categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eleven (11) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Hotel/Motel Tax Fund each of which is considered to be a major fund. Data from the other nine (9) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report. Exhibits 1 and 2 on pages 14 and 15 present revenues by source for the governmental fund category.

The basic governmental fund financial statements can be found on pages 18 and 19 of this report.

The City adopts an annual appropriated budget for its major governmental funds as well as its nonmajor governmental funds. Budgetary comparison statements have been provided for the governmental funds to demonstrate compliance with this budget.

Proprietary funds. The City's enterprise funds are considered proprietary funds and are used to report the same functions presented as business-type activities in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric, water and sewer, convention center, redevelopment, FAA projects, sanitation, storm water, and golf course operations.

The basic proprietary fund financial statements can be found on pages 24 through 28 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on page 29 of this report.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30 through 72 of this report.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report presents the schedules of funding progress for postretirement benefits, schedule of changes in the City's net pension liability and related ratios, and the schedule of City contributions for the City's retirement plan as required supplementary information on pages 73 through 75 of this report.

Combining and individual fund statements and schedules. In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules. This section can be found on pages 76 through 88 of this report.

Statistical section. In addition to the basic financial statements and accompanying notes, this report also presents various supplementary and statistical information such as 10 year presentation of revenues, expenditures and tax rates. The statistical section can be found on pages 89 through 113 of this report.

Government-wide Financial Analysis

Net position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's combined net position increased from \$125,985,907 in 2015 to \$143,862,143 in 2016. Our analysis below focuses on the net position (**Table 1**) as compared to the previous fiscal year.

	Net Position					
	Governmental Activities		Business-type Activities		Total Primary Government	
	2016	2015	2016	2015	2016	2015
Assets:						
Current assets	\$ 42,782,763	\$ 39,765,079	\$ 36,899,997	\$ 39,074,449	\$ 79,682,760	\$ 78,839,528
Capital assets	42,084,145	40,173,858	175,888,623	170,840,716	217,972,768	211,014,574
Other non-current assets	-	-	42,315,487	43,120,487	42,315,487	43,120,487
Total assets	84,866,908	79,938,937	255,104,107	253,035,652	339,971,015	332,974,589
Deferred Outflows of Resources:						
Pension Related Items	3,508,609	1,683,718	1,175,859	601,554	4,684,468	2,285,272

Total deferred outflows of resources	3,508,609	1,683,718	11,725,799	12,429,751	15,234,408	14,113,469
Liabilities:						
Current liabilities	3,136,811	3,552,258	21,886,872	20,947,058	25,023,683	24,499,316
Long-term liabilities	23,024,945	20,034,355	162,211,919	173,662,415	185,236,864	193,696,770
Total liabilities	26,161,756	23,586,613	184,098,791	194,609,473	210,260,547	218,196,086
Deferred Inflows of Resources:						
Pension Related Items	810,954	2,141,099	271,779	764,966	1,082,733	2,906,065
Total deferred inflows of resources	810,954	2,141,099	271,779	764,966	1,082,733	2,906,065
Net Position:						
Net investment in capital assets	42,084,145	40,173,858	86,033,399	76,363,896	128,117,544	116,537,754
Restricted	8,133,741	12,409,802	4,953,043	3,216,588	13,086,784	15,626,390
Unrestricted (deficit)	11,184,921	3,311,283	(8,527,106)	(9,489,520)	2,657,815	(6,178,237)
Total net position	\$ 61,402,807	\$ 55,894,943	\$ 82,459,336	\$ 70,090,964	\$ 143,862,143	\$ 125,985,907

A significant portion of the City's net position, \$128,117,544, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding and less accumulated depreciation (net capital assets). The amount invested in capital assets net of related debt of the City equals 89% of total net position compared to 92.5% of the prior fiscal year. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending, including the payment of the related debt. The City of College Park's net position also includes \$1,407,582 in net position restricted for tourism, \$8,514,651 restricted for capital construction, and \$2,391,562 for debt service. Unrestricted net position is \$2,657,815 an increase of \$8,836,052 from the previous fiscal year.

At the end of the current fiscal year, the City of College Park reported positive balances in all categories of net position except for unrestricted net position of the City's business-type activities.

Unrestricted cash and investments decreased from \$55,593,964 in 2015 to \$53,161,988 in 2016. These cash and investments represent 66.7% of current assets for the primary government.

Table 2 on the following page summarizes these changes in net position as described above.

THE REMAINDER OF THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

Net position end of fiscal year	\$ 61,402,807	\$ 55,894,943	\$ 82,459,336	\$ 70,090,964	\$ 143,862,143	\$ 125,985,907

Governmental activities.

The net position for governmental activities increased by \$5,507,864 in 2016 and increased by \$11,075,617 in 2015. The increase in net position before net transfers out was \$14,039,297 and \$17,225,535 in 2016 and 2015, respectively.

Revenues generated by governmental activities decreased \$525,011 or 1.1%. Charges for services decreased by approximately \$4.2 million from the prior year due to a one-time revenue recognition of a favorable legal settlement in the amount of approximately \$2.3 million during fiscal year 2015 that was recorded only in the government-wide financial statements and in fiscal year 2016, the City did not have such an item. Capital grants and contributions held steady with a minimal increase of \$868. Property taxes increased \$1,650,640 or 12.6% due to an increase in property assessments as real estate values recover from the recession. Sales taxes increased \$93,935 or 2.5% as a result of an improving economy.

Overall, governmental expenses increased \$2,661,227 or 9.2% from fiscal year 2015 to fiscal year 2016 and decreased \$2,112,978 or 6.81% from fiscal year 2014 to fiscal year 2015. The general governmental expenses line item increased \$2,236,056. The changes can be contributed to the changes in the net pension liability. In fiscal year 2015, the net pension liability for governmental activities decreased by approximately \$2.5 million which resulted in expenses being lower by this amount as well while in fiscal year 2016, the net pension liability for governmental activities increased by approximately \$2.7 million which resulted in expenses being more by this amount. Otherwise, all categories of expenses were relatively consistent with prior fiscal year's expenses.

Net transfers from the governmental activities to business type activities increased \$2,381,515 or 38.7%.

Business-type activities.

Increase in net position for the Electric Fund was \$1,814,839 in 2016 compared to an increase of \$1,942,587 in 2015. Transfers to other funds were \$2,100,505 compared to \$1,000,000 in the prior year.

Increase in net position for the Water and Sewer Fund was \$1,195,380 in 2016 compared to an increase of \$733,761 in the prior fiscal year. Both sales and cost of sales were up \$1,050,353 and \$453,644 respectively.

Increase in the net position for the Convention Center was \$1,330,978 in 2016 compared to a increase of \$310,360 in the prior fiscal year. There was a transfer-in increase of \$753,548. As the economy progresses, it is anticipated that the operating revenues of the Convention Center will continue to improve.

Increase in the net position for the Redevelopment Authority was \$1,626,313 in 2016 compared to a decrease of \$1,662,305 in the prior fiscal year. Transfers into this fund were \$4,045,775 in 2016 compared to \$2,541,245 in the prior fiscal year.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City. For fiscal 2016 and 2015, unassigned fund balance of the General Fund was \$24,936,752 and \$14,994,627, respectively; and total fund balance was \$30,606,830 and \$22,150,854, respectively. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 84.7% of total General Fund expenditures, while total fund balance represents 104% of that same amount. This is a significant increase from the prior fiscal year when unassigned fund balance represented 57.7% of total General Fund expenditures.

Overall, General Fund revenues increased from \$28,646,613 in 2015 to \$29,860,765 in 2016. Property tax revenue increased \$1,441,841 or 12.4% as real estate values increase. Sales tax revenue increased \$93,935 or 2.5% as the local economy stabilizes relative to other cities in Fulton County. License and permits revenue decreased by \$1,346,425, due to a prior year legal settlement in which the City collected extra during fiscal year 2015. Fines and forfeitures increased \$512,982 or 29.4% because of increased attention on traffic control. Staffing issues were resolved in fiscal year 2016, therefore the end result was a stabilization of the revenues resulting from traffic court cases.

The City's other major governmental fund is the Hotel/Motel Tax Fund. The Hotel/Motel Tax Fund derives its revenues from hotel/motel taxes and a special district tax levied on hotels and motels. The Mayor and Council passed a 2% increase in the Hotel/Motel excise tax. The general purpose of the 2% tax increase is to promote tourism, attract groups, conventions and trade shows to the City of College Park's convention venue, local hotels and restaurants. Effective on July 1, 2012, 1.5% of the Hotel/Motel tax increase will be used for the Destination Marketing Organization (DMO) and .5% may be used for tourist/convention product development (TPD).

Revenues in this fund increased from \$11,302,427 in 2015 to \$12,245,093 in 2016. The majority of these funds, \$6,375,058, are used to support the operations of the Georgia International Convention Center (GICC); \$2,992,570 was expended for the DMO and TPD. Traditional transfers of \$1,200,000 were made to the General Fund to offset General Fund expenditures for police, fire, highway and streets and other expenditures in support of the hotels. Additionally, eligible funds of the Hotel/Motel Tax Fund of 7,470,923 was transferred to the General Fund.

The DMO is reported in the financial statements as a discrete component unit.

THE REMAINDER OF THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

Table 3 below compares total revenues, expenditures, and changes in fund balance for all governmental funds.

Statement of Revenues, Expenditures, and Changes in Fund Balances				
	<u>2016</u>	<u>2015</u>	<u>\$ Increase (Decrease)</u>	<u>% Increase (Decrease)</u>

Fund balances, beginning of fiscal year	33,282,768	26,038,724	7,244,044	27.82%
Fund balances, end of fiscal year	<u>\$ 37,347,695</u>	<u>\$ 33,282,768</u>	<u>\$ 4,064,927</u>	<u>12.21%</u>

General Fund Budgetary Highlights

A statement of General Fund Revenues, Expenditures and Changes in Fund Balance, Budget and Actual can be found on pages 21 and 22. Revenues over expenditures for the General Fund were \$8,702,952 higher than the budgeted amount. Components of this variance are described below:

Total revenues were \$7,924,807 better than budgeted. Actual property tax collections were \$2,801,016 better than budgeted as property values continue to increase. Franchise tax collections were \$1,255,983 better than budgeted as the economy continues to improve. Licenses and Permits were \$2,874,490 better than budgeted as businesses start-ups increase. Contributing to the positive variances is managements continued adoption of extremely conservative revenue budgets.

Total expenditures were \$778,145 less than budgeted. A budget amendment was necessary to cover purchase of land. There were less salary and benefit expenditures due to vacant positions. Additionally, planned building expansions were deferred. The budget to actual net change to fund balance increased \$15,644,936. A significant portion of this increase was due to a transfer from the Hotel/Motel Fund of \$8,670,923.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business type activities as of June 30, 2016, is \$217,972,768 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. This amount represents an increase of \$6,958,194 from the total balance of the prior fiscal year and is a result of capital purchases in excess of depreciation expenses.

Table 4

	Capital Assets

Additional information on the City's capital assets can be found in Note 5 pages 47 and 48 of this report.

Long-term debt. Revenue bond debt decreased from \$157,444,800 in 2015 to \$148,354,540 in 2016 reflecting new debt of \$39,815,000 which includes one bond refunding and reflecting scheduled principal payments and the refunding debt of \$51,905,260. Additionally, other long-term liabilities included construction loans totaling \$8,000,000, net pension liability totaling \$27,697,860, notes payable totaling \$4,339,841 and other governmental obligations totaling \$2,933,224.

Additional information on the City's long-term debt and obligations can be found in Note 6 on pages 49 through 55 of this report.

Economic Factors and Next Fiscal Year's Budgets and Rates

- The local unemployment rate increased slightly to 7.8% in 2016 compared to 6.5% for 2015. Property taxes, hotel/motel taxes, and car rental taxes budgets will remain flat for 2017. Special Local option sales taxes (SPLOST) were budgeted \$217,000 in 2017 due to the anticipated increase in the College Park's allocation of Clayton County sales tax.
- The fiscal year 2016-2017 General Fund is budgeted without the use of budget carry forward or fund balance. The City's GASB No. 54 fund balance policy requires the City to maintain an unassigned fund balance in the General Fund of between 30%-60% based upon annual budgeted expenditures.
- The City is maintaining its reduction in workforce through employee attrition, fiscal year 2016-2017 reflects a net decrease of 2 positions.
- Capital outlay for fiscal year 2016-2017 will decrease by \$1.4 million primarily because there are no plans for major capital outlays at this time.
- The City's ad valorem tax rate will remain the same at 12.619 mils for fiscal year 2016-2017. There will not be an increase in the City's utility rates (e.g. Power, Storm Water, Sanitation, Water and Sewer).
- The City's pension contribution will decrease by 2.5% in fiscal year 2016-2017.
- There is no power cost adjustment to the power utility.
- The City budget for 2016-2017 reflects a 2.0% salary increase for full time and part time employees.

These factors were considered in preparing the City's budget for fiscal year 2016-2017.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Derrick Cannon, Director of Finance and Accounting, P.O. Box 87137, City of College Park, Georgia 30337.

CITY OF COLLEGE PARK, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		\$	4,064,927
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current fiscal period.			1,910,287
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
Deferred inflows of resources at June 30, 2016	\$	2,951,890	
Deferred inflows of resources at June 30, 2015		<u>(3,903,718)</u>	(951,828)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.			<u>484,478</u>
Change in net position of governmental activities		\$	<u>5,507,864</u>

The accompanying notes to the financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

CITY OF COLLEGE PARK, GEORGIA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of College Park, Georgia (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

A. The Financial Reporting Entity

The City was chartered in 1895 and operates under a Mayor/Council/City Manager form of government. The City Manager is the head of the administrative branch of government. As such, he is responsible for the day-to-day operations of city government. The legislative authority of the City is vested in the Mayor and four (4) member council with an appointed City Manager. The City provides the following services and operations as authorized by its charter: police and fire protection; development, civic center, electrical, water, sewer, and sanitation services; recreation services; highways and streets; inspection and engineering services; and various general administrative services to residents of the City. As required by accounting principles generally accepted in the United States of America, these financial statements include the accounts of all City operations and all activities of the City.

Based upon criteria set forth by Governmental Accounting Standards Board (GASB) Statement 14, “The Financial Reporting Entity” and Statement 61 “The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and 34”, these financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The City’s blended component unit, although a legally separate entity, is in substance, part of the City’s operations and so data from this entity is combined with data of the primary government. The blended component unit has a June 30th fiscal year end. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

Blended Component Unit:

College Park Business and Industrial Development Authority (BIDA) – The BIDA was created for the purpose of attracting development, industry and employment opportunities to the City. In addition, the Authority serves as a finance mechanism for certain City capital projects. Presently, the only financial activity of the Authority consists of providing the financing for certain City projects and certain administrative activities. In addition, BIDA owns a thirty (30) percent interest in College Park/Gateway Redevelopment, L.P. The partnership entered into contracts with BIDA to provide development services.

The Mayor and one (1) City Council member serve as board members and the remaining board members are appointed by the Mayor and confirmed by the City Council. The City can impose its will on BIDA and is providing significant resources to fund BIDA activities. BIDA bond issues must be approved by the City Council. Separate financial statements for BIDA are not prepared.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. The Financial Reporting Entity (Continued)

Discretely Presented Component Unit:

The College Park Destination Marketing Organization, Inc. (the “DMO”) is shown as a discretely presented component unit in the accompanying financial statements. The purpose of the DMO is to use hotel/motel taxes received from the City of College Park to advertise and attract tourism, conventions, and business travelers to College Park. The Mayor and City Council appoints the majority of the members of the DMO’s Board, (the City can impose its will on the DMO), and the City provides monthly distributions of hotel/motel taxes to the DMO to cover the cost of operations and the promoting of tourism throughout College Park. The DMO has a June 30 fiscal year-end. Separate financial statements are prepared for the College Park Destination Marketing Organization, Inc. and may be obtained from the DMO’s administrative offices at the College Park Convention and Visitors Bureau at 2000 Convention Center Concourse, College Park, Georgia 30337.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Government-wide financial statements do not provide information by fund, but distinguish between the City’s governmental activities and business-type activities. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the discretely presented component unit. The statement of net position will include non-current assets, deferred outflows of resources, deferred inflows of resources, and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City’s capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The fiduciary fund statements include financial information for the City’s agency fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. Agency funds have no measurement focus; however, they use the accrual basis of accounting to recognize assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, excise taxes, franchise taxes, mixed-drink taxes, and investment income associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The **Hotel/Motel Tax Fund**, which is a special revenue fund, receives income from the levy of a special district tax as well as a percentage of gross rentals of all hotels operating within the City. Funds are restricted by state law and are to be used to fund the debt service on the convention center owned and operated by the City, as well as a portion being dedicated to general governmental administration and services.

The City reports the following major enterprise funds:

The **Electric Fund** accounts for the activities of the City's electric distribution operations. Electrical services are purchased through a cooperative association of municipalities within the state and sold to residents of the City.

The **Water and Sewer Fund** accounts for the water and sewer services to the City residents and businesses.

The **Convention Center Fund** accounts for the operations of the Georgia International Convention Center.

The **Redevelopment Authority Fund** accounts for the activities of the College Park Business and Industrial Development Authority as well as property acquisitions and sales for the purpose of redeveloping land within the City. The activity of this fund is intended to recover its own costs through development fees, sales of properties, and other charges.

The **FAA Project Fund** accounts for the lease of office buildings to the General Services Administration of the federal government and used for the FAA regional headquarters. This fund also accounts for the operating activities of these buildings.

The City reports the following fiduciary fund:

The **Municipal Court Fund** accounts for the resources held by the City or its officials in a custodial capacity.

Additionally, the City reports the following fund types within the nonmajor governmental funds:

The **special revenue funds** account for revenue sources that are legally restricted or committed to expenditures for specific purposes.

The **capital projects funds** account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

In accounting and reporting for its proprietary operations, the City applies all GASB pronouncements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services provided. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The fiduciary fund statements include financial information for the City's Municipal Court agency fund. This fund represents assets held by the City in a custodial capacity for individuals or other governments.

THE REMAINDER OF THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Budget requests are completed in February.
2. Proposed budgets are reviewed and prepared by the City Manager for submission to the Mayor and the City Council in April.
3. Public hearings on the proposed budget are held in May and June.
4. The budget is legally adopted by the Mayor and City Council prior to June 30.
5. All budget revisions or changes must be approved as required by Georgia law and administrative policy. The legal level of budgetary control is the department level, with the Council being the only body authorized to make amendments to the budget. Revisions that alter the total expenditures of any department or fund must be approved by the Mayor and City Council. There were some additional appropriations made for the fiscal year ended June 30, 2016 as noted on the budget to actual statements and schedules within this report.
6. Formal budgetary integration is employed as a management control device during the fiscal year for all the governmental funds and the enterprise funds. Budgets for the enterprise funds are prepared for planning and control purposes only.
7. Budgets for the governmental funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are legally adopted for the General Fund and each Special Revenue Fund.
8. Revenues and expenditures of the Capital Projects Funds are budgeted on a project basis and are, therefore, excluded from presentation in the financial statements.

E. Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

For purposes of the statements of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Deposits and Investments

The local government investment pool, "Georgia Fund 1," created by OCGA 36-83-8, is a stable asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principle (\$1 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The pool also adjusts the value of its investments to fair market value as of fiscal year-end and the City's investment in the Georgia Fund 1 is reported at fair value. The City considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

The City's nonparticipating interest-earning investment contracts are recorded at cost. The City's remaining investments are recorded at fair value. Increases or decreases in the fair value during the year are recognized as a component of interest income.

G. Property Taxes Receivable

Delinquent property taxes for which the City has a property lien are shown as taxes receivable. Property taxes are levied and billed on September 30 based upon property values assessed as of January 1. The billings are considered due upon receipt by the taxpayer and are past due if not paid by December 4, 60 days after the tax bill mailing. Taxes not paid within sixty days are subject to property tax liens. Receivables are shown net of an allowance for uncollectible amounts when necessary.

H. Inventory and Prepaid Items

Inventory is valued at cost, using the first-in, first-out method. The cost of governmental fund type inventory is recorded as an expenditure when consumed rather than when purchased. Prepaid items are accounted for using the consumption method. A prepaid item is recognized when a cash expenditure is made for goods or services that were purchased for consumption, but not consumed as of June 30.

I. Short-Term and Long-Term Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Short-Term and Long-Term Interfund Receivables/Payables (Continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

J. Grants from Other Governments

Federal and state governmental units represent an important source of supplementary funding used to finance housing, business development employment, construction programs, capital asset additions and other activities beneficial to the community. This funding, primarily in the form of grants, is recorded in both governmental and proprietary funds. Grant contributions in the proprietary funds, which are for the purpose of construction activities, or land easement or capital asset acquisitions, are recorded as capital contributions within the statement of revenues and expenses. For all funds, a grant receivable is recorded when the City has met all eligibility requirements.

K. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Depreciation is provided over the estimated useful lives of assets using the straight line method. Assets which are fully depreciated and no longer in use are removed from capital assets. Donated capital assets (if any) are recorded at estimated acquisition value at the date of donation.

Interest is capitalized during the construction period on proprietary fund assets financed with bond debt. The amount of interest to be capitalized for debt with tax-exempt interest is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period. The amount of interest to be capitalized for debt with taxable interest is calculated at the average borrowing rate applied to costs incurred during the construction period. For the fiscal year ended June 30, 2016, the City capitalized \$120,668 of interest expense incurred in business-type activities (FAA Projects Fund).

In the case of initial capitalization of infrastructure assets, those that were acquired prior to fiscal year 2003 were recorded at their current replacement cost adjusted by the implicit price deflator index for governments to the base year of 1996. Infrastructure assets acquired prior to June 30, 1980 are included in the amounts reported.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend useful lives are expensed as incurred.

Depreciation is provided on the straight-line method over the following estimated useful lives:

Infrastructure (streets, sidewalks, bridges, etc.)	40 years
Buildings and improvements	25 - 40 years
Distribution systems	25 - 75 years
Treatment plant	45 years
Sewer collection systems	30 - 75 years
Sanitation containers	20 years
Autos and trucks	5 - 7 years
Other equipment	5 - 7 years

L. Long-Term Liabilities

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method, which is not materially different from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and bond issuance costs, during the current period. The face amount of debt issued and any premium are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity and Net Position

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets, deferred inflows of resources, and liabilities under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote and passage of an ordinance of the City Council. Only the City Council may modify or rescind the commitment by passage of a subsequent ordinance.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. Through the passage of a resolution that adopted the City’s official fund balance policy, the City Council has expressly delegated to the City Manager the authority to assign funds for particular purposes.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances (or deficits in fund balances) may be reported in all funds when there are fund deficits after all other spendable forms of fund balance have been exhausted. The City intends to maintain an unassigned fund balance in the general fund between thirty (30) and sixty (60) percent based upon annual budgeted expenditures. The balance may be drawn down in the event of an unexpected decrease in the property tax digest or a reduction to state funding.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Fund Equity and Net Position (Continued)

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, and (3) Unassigned.

Net Position - Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restrictions on the government-wide statement of net position represent amounts segregated to meet debt covenants and capital projects as restricted by federal and state laws.

O. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of College Park Retirement Plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, deferred inflows of resources, and liabilities, the disclosure of contingent assets, deferred outflows of resources, deferred inflows of resources, and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that is applicable to a future reporting period. The City has one item, the deferred loss on refunded debt, which qualifies as deferred outflows of resources along with deferred outflows of resources related to pensions described below. This deferred loss results from the difference in the carrying value of refunded debt and its reacquisition price. The deferred loss is amortized on a straight-line basis over the shorter of the remaining life of the refunded debt or refunding debt.

In addition to liabilities, the statement of net position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one (1) type of deferred inflow of resources that qualifies for reporting in this category along with deferred inflows of resources related to pensions described below. This arises only under a modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, occupancy taxes, and car rental taxes as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

The City also has deferred inflows and outflows related to the recording of changes in its net pension liability. Certain changes in the net pension liability are recognized as pension expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the City's actuary which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of Plan members. These experience gains or losses are recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of Plan members. Changes in actuarial assumptions which adjust the net pension liability are also recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of Plan members. The difference between projected investment return on pension investments and actual return on those investments is also deferred and amortized against pension expense over a five year period. Additionally, any contributions made by the City to the pension plan before year end but subsequent to the measurement date of the City's net pension liability are reported as deferred outflows of resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position

The governmental funds balance sheet includes reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$959,302 difference are as follows:

Claims and judgments payable	\$	(115,000)
Compensated absences		(844,302)
		(959,302)
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	\$	(959,302)

Another element of that reconciliation explains that “the deferred outflows of resources, deferred inflows of resources, and the net pension liability pertain to future periods and, therefore, are not reported in the funds.” The details of this \$18,047,699 difference are as follows:

Deferred outflows of resources - pension related items	\$	3,508,609
Deferred inflows of resources - pension related items		(810,954)
Net pension liability		(20,745,354)
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	\$	(18,047,699)

B. Explanation of certain differences between the governmental funds statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense.” The details of this \$1,910,287 difference are as follows:

Capital outlay	\$	3,861,267
Depreciation expense		(1,950,980)
		1,910,287
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	\$	1,910,287

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of certain differences between the governmental funds statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities (Continued)

Another element of that reconciliation explains that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this \$484,478 difference are as follows:

Changes in:	
Other post employment benefit obligation	\$ (321,552)
Compensated absences	320,032
Deferred outflows of resources, deferred inflows of resources, and the net pension liability	485,998
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net position of governmental activities</i>	\$ 484,478

NOTE 3. DEPOSITS AND INVESTMENTS

As of June 30, 2016, the City had \$11,524,395 invested in the following types of investments with the weighted average maturities denoted:

Investment	Maturities	Balance
First American Treasury Obligations Fund	39 days	\$ 1,897,618
First American Treasury Money Market Fund	40 days	36,481
Municipal Competitive Trust (Short-term)	75 days	2,817,247
Federated Treasury Obligations Fund	42 days	2,561,175
Certificate of Deposit	365 days	3,716,745
Municipal Competitive Trust (Intermediate)	549 days	495,129
Total		\$ 11,524,395

The investment reconciliation is as follows:

Primary Government - Government-wide Reporting Level:	
Governmental activities unrestricted investments	\$ 3,612,436
Business-type activities unrestricted investments	3,416,684
Business-type activities restricted investments	4,495,275
Total	\$ 11,524,395

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Credit risk. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of June 30, 2016, the City's investments in the Municipal Competitive Trust were not rated and all of the City's investments in the First American U.S. Treasury Money Market Funds, the First American Treasury Obligation Funds, and the Federated Treasury Obligations Funds were rated AAAM by Standard & Poor's.

Interest rate risk. The City has not adopted a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial credit risk – deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes, and City policy, require all deposits and investments (other than federal or state government instruments) to be collateralized at 110% by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2016, the City's bank balances were properly collateralized, or insured, in accordance with State statutes.

Fair Value Measurements. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Fair Value Measurements (continued). The City has the following recurring fair value measurements as of June 30, 2016:

<u>Investment</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
First American Treasury Obligations Fund	\$ 1,897,618	\$ -	\$ -	\$ 1,897,618
First American Money Market Fund	36,481	-	-	36,481
Municipal Competitive Trust (Short)	-	2,817,247	-	2,817,247
Municipal Competitive Trust (Intermediate)	-	495,129	-	495,129
Federated Treasury Obligations Fund	<u>2,561,175</u>	<u>-</u>	<u>-</u>	<u>2,561,175</u>
Total investments measured at fair value	<u>\$ 4,495,274</u>	<u>\$ 3,312,376</u>	<u>\$ -</u>	<u>\$ 7,807,650</u>
Investments not subject to level disclosure:				
Georgia Fund 1				30,049,833
Investments recorded at cost:				
Certificate of Deposit				<u>3,716,745</u>
Total investments				<u>\$ 41,574,228</u>

First American Treasury Obligations Fund, First American Money Market Fund, and the Federated Treasury Obligations Fund classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments. The investments in the Municipal Competitive Trust classified in Level 2 of the fair value hierarchy are valued using prices quoted for similar assets in active markets for those investments.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the City does not disclose the investment in the Georgia Fund 1 within the fair value hierarchy.

The City's certificate of deposit is considered a nonparticipating interest-earning investment contract and, accordingly, is recorded at cost.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. RECEIVABLES

Accounts Receivable

Receivables at June 30, 2016, for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Hotel/Motel Tax</u>	<u>Nonmajor Governmental</u>	<u>Electric</u>
Receivables:				
Taxes	\$ 3,801,414	\$ 1,807,438	\$ 5,197	\$ -
Due from other governments	252,299	-	43,127	-
Accounts	2,136,733	-	1,730,058	13,022,907
Gross receivables	<u>6,190,446</u>	<u>1,807,438</u>	<u>1,778,382</u>	<u>13,022,907</u>
Less: allowance for uncollectibles	(2,340,533)	-	(5,031)	(6,236,757)
Net total receivables	<u>\$ 3,849,913</u>	<u>\$ 1,807,438</u>	<u>\$ 1,773,351</u>	<u>\$ 6,786,150</u>
	<u>Water and Sewer</u>	<u>Convention Center</u>	<u>FAA Project</u>	<u>Nonmajor Enterprise</u>
Receivables:				
Taxes	\$ -	\$ -	\$ -	\$ -
Due from other governments	-	-	-	-
Accounts	3,160,765	332,701	151,217	1,037,007
Gross receivables	<u>3,160,765</u>	<u>332,701</u>	<u>151,217</u>	<u>1,037,007</u>
Less: allowance for uncollectibles	(1,336,770)	-	-	(460,595)
Net total receivables	<u>\$ 1,823,995</u>	<u>\$ 332,701</u>	<u>\$ 151,217</u>	<u>\$ 576,412</u>

Redevelopment Authority – Other Receivable

As of June 30, 2016, the Redevelopment Authority had \$38,064,791 (\$1,069,791 as current and \$36,995,000 as noncurrent) reported as other receivables. Of this amount, \$37,800,000 represents the net present value of guaranteed payments to be received from the Hotel Developers in relation to the Gateway Hotel/Office project in accordance with two (2) signed Hotel Financing Agreements. The first payment from the Hotel Developer was received on September 8, 2010 and will conclude on August 2, 2038. As of June 30, 2016, the City has determined that an allowance is not deemed necessary. For further discussion about this arrangement, see Note 6 under Revenue Bonds - Redevelopment Authority.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2016, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 4,490,249	\$ 1,796,053	\$ -	\$ -	\$ 6,286,302

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT

Revenue Bonds:

Business-type activities - Convention Center Fund

On December 1, 2005, College Park Business and Industrial Development Authority (BIDA) issued \$53,475,000, 3.5% to 5.25% revenue bonds (Series 2005) with varying semi-annual principal and interest payments due (March 1 and September 1) through September 2026. These revenue bonds were issued for the purpose of refunding a portion of the City's Civic Center Project Revenue Bonds, Series 2000, in order to refinance a portion of the costs of the convention center facility leased by BIDA to the City of College Park. The outstanding balance of these revenue bonds at June 30, 2016 is \$2,885,000.

On July 11, 2013, College Park Business and Industrial Development Authority (BIDA) issued \$17,090,000, 2.01% revenue bonds (Series 2013) with varying semi-annual principal and interest payments due (March 1 and September 1) through September 2026. These revenue bonds were issued for the purpose of refunding a portion of the City's Georgia International Convention Center Construction Bonds (Series 2001). The outstanding balance of these revenue bonds at June 30, 2016 is \$14,500,000.

On June 7, 2016, College Park Business and Industrial Development Authority (BIDA) issued \$39,815,000, 2.38% Civic Center Project Revenue Refunding Bonds, Series 2016 for the purpose of advance refunding a portion of the Series 2005 revenue bonds. The Series 2016 bonds have varying semi-annual principal and interest payments due (March 1 and September 1) through September 2036. The refunding transaction resulted in aggregate debt service savings of \$5,440,611 and an economic gain (net present value of the aggregate debt service savings) of \$4,815,931. The outstanding balance of these revenue bonds at June 30, 2016 is \$39,815,000.

Business-type activities - Redevelopment Authority Fund

On June 1, 2006, the City issued \$25,785,000, 5.375% to 6.375% revenue bonds (Series 2006) with varying semi-annual principal and interest payments due (March 1 and September 1) through September 2036. These revenue bonds were issued for the purpose of financing the costs of acquiring land to be used as a site for a new hotel, retail, and office complex near the convention center facility, which land will be leased by BIDA to the City of College Park. The outstanding balance of these revenue bonds at June 30, 2016 is \$545,000.

On August 19, 2008, the City of College Park Redevelopment Authority (the "Authority") issued \$34,060,000, 4.86% to 7.25% taxable revenue bonds (Gateway Project) Series 2008 with varying semi-annual principal and interest payments due (February 1 and August 1) through February 2038. These revenue bonds were issued for the purpose of financing a portion of the costs of acquiring, constructing, and installing approximately 400-key first class headquarters hotel and approximately 147-key select service hotel and parking components (the "Project"), on a site owned by the Authority which is adjacent to the Georgia International Convention Center. The outstanding balance of these revenue bonds at June 30, 2016 is \$1,300,000.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Revenue Bonds: (Continued)

Business-type activities - Redevelopment Authority Fund (Continued)

On November 13, 2008, the City of College Park Redevelopment Authority issued \$7,445,000, 4% to 5.375% revenue bonds (Gateway Initial Office Project) Series 2008A with varying semi-annual principal and interest payments due (February 1 and August 1) through February 2038. These revenue bonds were issued for the purpose of financing a portion of the cost of acquiring, constructing, and installing an approximately 130,000 gross square foot, four story office building and related parking, on a site owned by the Authority which is adjacent to Georgia International Convention Center. The outstanding balance of these revenue bonds at June 30, 2016 is \$6,415,000.

On July 11, 2013, the City issued \$7,960,000, 1.91% revenue bonds (Series 2013) with varying semi-annual principal and interest payments due (March 1 and September 1) through September 2024. These revenue bonds were issued for the purpose of refunding a portion of the Public Safety Building Project Bonds (Series 2004). The outstanding balance of these revenue bonds at June 30, 2016 is \$6,965,000.

On April 29, 2014, the City issued \$4,220,000, 3.51% revenue bonds (Series 2014) with varying semi-annual principal and interest payments due (April 1 and October 1) through April 2024. These revenue bonds were issued for the purpose of financing acquisitions of land from the City of Atlanta. The outstanding balance of these revenue bonds at June 30, 2016 is \$3,850,000.

On December 31, 2014, the City issued \$24,885,000, 4.000% to 5.000% Taxable Refunding Revenue Bonds, Series 2014 for the purpose of advance refunding a portion of the Series 2006 revenue bonds. The Series 2014 bonds have varying semi-annual principal and interest payments due (March 1 and September 1) through September 2036. The refunding transaction resulted in aggregate debt service savings of \$3,183,679 and an economic gain (net present value of the aggregate debt service savings) of \$2,252,949. The outstanding balance of these revenue bonds at June 30, 2016 is \$24,660,000.

On December 31, 2014, the City issued \$37,175,000, 4.000% to 4.625% Taxable Economic Development Refunding Revenue Bonds (Gateway Project), Series 2014 for the purpose of advance refunding a portion of the Series 2008 revenue bonds. The Series 2014 bonds have varying semi-annual principal and interest payments due (February 1 and August 1) through February 2038. The refunding transaction resulted in aggregate debt service savings of \$4,991,233 and an economic gain (net present value of the aggregate debt service savings) of \$3,580,068. The outstanding balance of these revenue bonds at June 30, 2016 is \$36,795,000.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Revenue Bonds: (Continued)

Business-type activities - Redevelopment Authority Fund (Continued)

As a result of the refunding transactions undertaken through the fiscal year ended June 30, 2016, the City has defeased certain outstanding revenue bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for defeased bonds outstanding are not included in the City's financial statements. As of June 30, 2016, the outstanding amount of bonds considered defeased is as follows:

Economic Development Taxable Revenue Bonds, Series 2008	\$30,085,000
---	--------------

The revenue stream used for security on the Gateway Project Bonds (Series 2008 and 2014) will be payments received from the Hotel Developers to the Redevelopment Authority pursuant to the terms of the respective unconditional Hotel Financing Agreements. The Financing Agreements represent future, fixed, payments from the Hotel Developers that are to be made on each September 8th anniversary commencing September 8, 2010 and concluding on August 2, 2038, with the net present value of these payments equal to \$37,800,000 as of June 30, 2016. In addition to the Financing Agreements, the Redevelopment Authority and the City of College Park entered into an Intergovernmental Economic Development Contract (the "Contract") under the terms of which the City will agree to make payments to the Redevelopment Authority in amounts sufficient to enable the Redevelopment Authority to pay the principal and interest on the Series 2008 and Series 2014 Bonds when due, to the extent the payments derived from the Hotel Financing Agreements are insufficient for such purposes. The City has agreed in the Contract to levy an annual ad valorem tax on all taxable property located within the corporate limits of the City, at such rates, without limitation as to rate or amount, as may be necessary to produce in each year revenues that are sufficient to fulfill the City's obligations under the Contract.

Business-type activities - FAA Project Fund

On December 28, 2014, the City issued the \$11,700,000 Federal Aviation Administration (FAA) Project, Series 2014 taxable revenue bond. The bond was issued as a single, fully registered bond without coupons. At the time of closing, the par amount of the bond (less the costs of issuance) were invested in a project fund at a financial institution whereby the City will request advances of funds as needed to complete the upgrade and renovations project at the facility leased to the FAA. The bond shall bear interest (from the dates advances are made) on the outstanding balance of advances made at the floating rate per annum equal to the sum of the Adjusted LIBOR plus one hundred fifty (150) basis points (1.50%). Interest on the bond is payable monthly, on the first day of each calendar month, beginning on February 1, 2015 and the sum of all advances drawn by the City under the bond is due and payable on January 1, 2020. As of June 30, 2016, the City had drawn a total of \$9,259,800 in advances on the bond and \$6,920,260 had been repaid, leaving an outstanding balance of \$2,339,540.

NOTE 6. LONG-TERM DEBT (CONTINUED)

Revenue Bonds: (Continued)

Business-type activities - Water and Sewer Fund

On March 5, 2015, the City issued \$8,720,000, 2.830% Water and Sewer Project Bonds (Series 2015) with varying semi-annual principal and interest payments due (April 1 and October 1) through October 1, 2030. These bonds were issued subsequent to a settlement agreement and release executed on November 13, 2014 between the City of College Park and the City of Atlanta. Previously, the two cities had been involved in litigation regarding a Water Pollution Control Agreement and disputed costs that had been incurred thereunder. As part of the settlement, the City of College Park was required to pay to the City of Atlanta a total sum of \$8,585,637 and the proceeds from the Series 2015 bonds, minus the costs of issuing the bonds, were used to finance the settlement and release. The outstanding balance of these revenue bonds at June 30, 2016 is \$8,285,000.

Revenue bond debt service requirements to maturities, including interest, for the business-type activities are as follows:

<u>Fiscal Year Payable</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>
2017	\$ 13,857,863	\$ 8,600,000	\$ 5,257,863
2018	12,882,051	8,410,000	4,472,051
2019	12,877,379	8,665,000	4,212,379
2020	15,218,762	11,259,540	3,959,222
2021	12,891,621	9,185,000	3,706,621
2022-2026	62,647,483	48,140,000	14,507,483
2027-2031	34,230,727	25,670,000	8,560,727
2032-2036	25,040,903	20,625,000	4,415,903
2037-2039	8,274,954	7,800,000	474,954
	<u>\$ 197,921,743</u>	<u>148,354,540</u>	<u>\$ 49,567,203</u>
	Plus unamortized bond premium	1,098,830	
	Less unamortized issue discount	<u>(49,333)</u>	
	Total outstanding	<u>\$ 149,404,037</u>	

The revenue bonds issued by both the City and the Redevelopment Authority are special limited obligations payable solely from and secured by pledged revenue streams to ensure the prompt payment of the principal of, redemption premium, if any, and interest on the revenue bonds.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Other Long-Term Debt:

Business-type activities – Redevelopment Authority Fund

Automated People Mover System (“APM”) - The Redevelopment Authority entered into an intergovernmental agreement with the City of Atlanta to share the cost of building the APM. A note payable with an original amount of \$8,000,000 has been recorded. The note payable, relates to the Redevelopment Authority’s share of cost. It bears an initial interest rate of 4.0%, for the first two (2) years and thereafter the interest rate varies from 4.125% to 4.50%. The Redevelopment Authority is required to accrue interest payments for the first eight (8) years, with the first payment occurring in the fiscal year 2015. The outstanding principal balance of this note payable at June 30, 2016 is \$8,000,000 plus accrued interest of \$2,640,000 at June 30, 2016.

The following is a schedule of future principal and interest payments due on the note payable:

<u>Fiscal Year Payable</u>	<u>Interest</u>	<u>Principal</u>	<u>Total</u>
2017	\$ 425,600	\$ -	\$ 425,600
2018	438,900	-	438,900
2019	438,900	-	438,900
2020	471,756	432,514	904,270
2021	452,580	451,690	904,270
2022-2026	1,944,132	2,577,218	4,521,350
2027-2031	1,319,826	3,201,524	4,521,350
2032-2036	544,296	3,977,054	4,521,350
	<u>\$ 6,035,990</u>	<u>10,640,000</u>	<u>\$ 16,675,990</u>
		(2,640,000)	
		<u>\$ 8,000,000</u>	

Less accumulated accrued interest payable
 Net note payable excluding accrued interest

Business-type activities – Stormwater Fund

Clean Water Loan – On November 18, 2009, the City of College Park entered into a Clean Water loan agreement with the Georgia Environmental Finance Authority (“GEFA”) in the amount of \$5,000,000 for the purpose of upgrading the City of College Park’s stormwater system with stormwater collection between downtown College Park and the municipal golf course. Approximately 60% of this loan is forgiven by GEFA immediately. As of June 30, 2012, the City had completed its draws from GEFA which totaled the loan amount of \$5,000,000. Of the total balance, \$3,000,000 has been forgiven and recognized as grant revenue by the City in prior years. The remaining balance of \$1,620,276, as of June 30, 2016, is due to GEFA over a term concluding on August 1, 2031 and carries an interest rate of 3%.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Other Long-Term Debt: (Continued)

Business-type activities – Water & Sewer Fund

Sanitary Sewer Loan – On December 7, 2011, the City of College Park entered into a Sanitary Sewer loan agreement with the Georgia Environmental Finance Authority (“GEFA”) to borrow up to \$3,000,000 for the purpose of installing replacement water lines and water meters and the rehabilitation of sewer lines and manholes. The project was completed at a total cost of \$2,658,224 and repayment on the note payable commenced August 1, 2014. The note bears interest at 3.81% and principal and interest are due in equal monthly installments of \$15,848 until the note matures on July 1, 2034. As of June 30, 2016, the remaining balance on the note payable is \$2,482,038.

Business-type activities – Sanitation Fund

On November 24, 2015, the City of College Park entered into a loan agreement with a local financial institution to borrow \$237,527 for the purpose of financing the acquisition of a front load commercial garbage truck. The note bears interest at 2.295% and principal and interest are due in equal annual installments of \$63,105 until the note matures on November 24, 2019. As of June 30, 2016, the remaining balance on the note payable is \$237,527.

The following is a schedule of debt service requirements to maturity on the City’s notes payable reported in its business-type activities:

<u>Fiscal Year Payable</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 240,591	\$ 145,790	\$ 386,381
2018	248,291	138,090	386,381
2019	256,248	130,133	386,381
2020	263,419	121,912	385,331
2021	209,859	113,417	323,276
2022-2026	1,164,573	451,807	1,616,380
2027-2031	1,383,226	233,154	1,616,380
2032-2035	573,634	33,931	607,565
	<u>\$ 4,339,841</u>	<u>\$ 1,368,234</u>	<u>\$ 5,708,075</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM DEBT (CONTINUED)

Changes in Long-Term Liabilities:

Long-term liability activity for the fiscal year ended June 30, 2016, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Compensated absences	\$ 1,164,334	\$ 461,638	\$ (781,670)	\$ 844,302	\$ 538,633
Net OPEB Obligation	1,652,370	458,108	(136,556)	1,973,922	-
Net pension liability	18,076,316	6,162,486	(3,493,448)	20,745,354	-
Claims and judgments	115,000	-	-	115,000	115,000
Governmental activities Long-term liabilities	<u>\$ 21,008,020</u>	<u>\$ 7,082,232</u>	<u>\$ (4,411,674)</u>	<u>\$ 23,678,578</u>	<u>\$ 653,633</u>
Business-type activities:					
Revenue bonds	\$ 157,444,800	\$ 42,815,000	\$ (51,905,260)	\$ 148,354,540	\$ 8,600,000
Unamortized bond premium	2,556,006	-	(1,457,176)	1,098,830	-
Unamortized original discount	(52,952)	-	3,619	(49,333)	-
Construction loans payable	8,000,000	-	-	8,000,000	-
Notes payable	4,279,114	237,527	(176,800)	4,339,841	240,591
Net pension liability	6,458,250	2,054,162	(1,559,906)	6,952,506	-
Business-type activities Long-term liabilities	<u>\$ 178,685,218</u>	<u>\$ 45,106,689</u>	<u>\$ (55,095,523)</u>	<u>\$ 168,696,384</u>	<u>\$ 8,840,591</u>

For governmental activities, compensated absences, the net OPEB obligation, the net pension liability, and claims and judgments are liquidated by the General Fund. For business-type activities, the net pension liability is liquidated by the Electric Fund, Water and Sewer Fund, Convention Center Fund, and the Sanitation Fund.

NOTE 7. OPERATING LEASES

Lessors Agreements

The City leases certain parcels of land for use by others for varying terms. The leases are accounted for as operating leases and revenues are recorded when earned. Revenue derived from these leases during fiscal year 2016 amounted to \$21,094 and \$116,329 in the General Fund and Electric Fund, respectively. The following is a schedule of future minimum lease payments to be received under leases at June 30, 2016:

Fiscal Year Ending June 30	General Fund	Electric Fund	Total
2017	\$ 23,012	\$ 43,223	\$ 66,235
2018	24,450	43,740	68,190
Total Minimum Future Rentals	<u>\$ 47,462</u>	<u>\$ 86,963</u>	<u>\$ 134,425</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 8. DEFERRED COMPENSATION PLAN

The City offers its department heads a Deferred Compensation Plan (the “401a Plan”) created in accordance with Internal Revenue Code Section 401 (a). The Deferred Compensation Plan for the City is available to all department heads and is a defined contribution plan and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. As required by federal regulations, the 401a Plan assets are held in a trust for the exclusive benefit of participants and their beneficiaries. The 401a Plan is administered by a third party administrator, ICMA RC, who also serves as the trustee of the 401a Plan. The City has no fiduciary relationship with the trust. Accordingly, the plan assets are not reported in the City’s financial statements.

Under the 401a Plan authorized by the Mayor and City Council, the City is required to make a fixed contribution equal to 12.25% of the aggregate annual compensation of all participants. The City’s contribution and related investment earnings allocated to an employee’s account are fully vested immediately. The City contributed \$165,373 to the 401a Plan during the fiscal year ended June 30, 2016. At the end of the fiscal year, there were 17 participants in the 401a Plan. Total value of the deferred compensation plan as of fiscal year-end was \$1,053,378 which results in an average participant balance of \$61,963.

The City offers its employees a Deferred Compensation Plan (the “457 Plan”) created in accordance with Internal Revenue Code Section 457. The 457 Plan is available to all full-time employees and is a defined contribution plan and permits employees to defer a portion of their salary until future years. The 457 Plan contributions are not available to employees until termination, retirement, death or unforeseeable emergency. As required by Federal regulations, the Plan assets are held in a trust for the exclusive benefit of participants and their beneficiaries. The 457 Plan is administered by a third party administrator, ICMA RC, who also serves as the trustee of the 457 Plan. The City has no fiduciary relationship with the trust. Accordingly, the Plan assets are not reported in the City’s financial statements.

Employee contributions range from a minimum of 1% of the employees’ base salary to the maximum allowed under IRS limits (\$18,000 for both calendar years 2015 and 2016). Under the 457 Plan authorized by the City Council, the City is not required to make matching contributions. The investment contributions and earnings allocated to an employee’s account are fully vested immediately.

Plan participants contributed \$193,639 to the 457 Plan during the fiscal year ended June 30, 2016. There were 113 participants with account balances at the end of the current fiscal year. Total value of the deferred compensation and thrift plans as of the current fiscal year-end is \$5,559,195 which results in an average participant balance of \$49,196.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN

Plan Description

The City, as authorized by the City Council, has established a defined benefit pension plan (The City of College Park Retirement Plan), covering substantially all of the City's employees, elected officials, and municipal legal officers. The City's pension plan is administered through the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The Plan provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are provided by the Plan whereby retirees receive between 2% and 2.75% multiplied by the average of the five highest years of regular earnings multiplied by the total credited years of service. The City Council, in its role as the Plan sponsor, has the governing authority to establish and amend, from time to time, the benefits provided and the contribution rates of the City and its employees. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained at www.gmanet.com or by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

Plan Membership. As of January 1, 2016, the date of the most recent actuarial valuation, pension plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	229
Inactive plan members entitled to but not receiving benefits	48
Active employees	373
Active elected officials	4
	654

Contributions. The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan, as adopted by the City Council, is to contribute an amount equal to or greater than the actuarially recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by Plan members during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of Plan members, as determined by the City Council. For the fiscal year ended June 30, 2016, the City's contribution rate was 22.65% of annual payroll. City contributions to the Plan were \$3,586,638 for the fiscal year ended June 30, 2016 which was more than what was required. Employees of the City of College Park contribute to the Plan at various percentages of their annual pay. Employees who terminated prior to October 1, 2000 and Elected Officials are required to contribute 3% and all other employees enrolled in the Plan are required to contribute 6%. For the fiscal year ended June 30, 2016, employees contributed \$915,628 to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)

Net Pension Liability of the City

The City's net pension liability was measured as of September 30, 2015. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2015 with update procedures performed by the actuary to roll forward to the total pension liability measured as of September 30, 2015.

Actuarial assumptions. The total pension liability in the January 1, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation		3.25%
Salary increases		3.75% - 8.00%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation	

Mortality rates for the January 1, 2015 valuation were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females.

The actuarial assumptions used in the January 1, 2015 valuation were based on the results of an actuarial experience study for the period January 1, 2010–June 30, 2014.

Cost of living adjustments were assumed to be 3.25% although the Plan allowance for annual cost of living adjustment is variable, as established by the City Council, in an amount not to exceed 4%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2015 are summarized below:

Asset class	Target allocation	Long-term expected real rate of return*
Domestic equity	50%	5.95%
International equity	15%	6.45
Fixed income	25%	1.55
Real estate	10%	3.75
Cash	—%	
Total	100%	

* Rates shown are net of the 3.25% assumed rate of inflation

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)

Net Pension Liability of the City (Continued)

Discount rate. The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability of the City. The changes in the components of the net pension liability of the City for the fiscal year ended June 30, 2016 were as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at 6/30/15	\$ 87,820,053	\$ 63,285,487	\$ 24,534,566
Changes for the year:			
Service cost	1,353,537	-	1,353,537
Interest	6,564,315	-	6,564,315
Differences between expected and actual experience	(254,804)	-	(254,804)
Current year plan change	219,335	-	219,335
Contributions—employer	-	3,091,254	(3,091,254)
Contributions—employee	-	902,548	(902,548)
Net investment income	-	804,748	(804,748)
Benefit payments, including refunds of employee contributions	(6,238,435)	(6,238,435)	-
Administrative expense	-	(79,461)	79,461
Net changes	1,643,948	(1,519,346)	3,163,294
Balances at 6/30/16	\$ 89,464,001	\$ 61,766,141	\$ 27,697,860

The required schedule of changes in the City's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)

Net Pension Liability of the City (Continued)

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the City, calculated using the discount rate of 7.75 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
City's net pension liability	\$ 37,150,612	\$ 27,697,860	\$ 19,723,846

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2015 and the current sharing pattern of costs between employer and employee.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the fiscal year ended June 30, 2016, the City recognized pension expense of \$2,527,423. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 10,215	\$ 203,844
Changes in assumptions	-	878,889
Net difference between projected and actual earnings on pension plan investments	1,907,197	-
City contributions subsequent to the measurement date	2,767,056	-
Total	\$ 4,684,468	\$ 1,082,733

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLAN (CONTINUED)**Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions (Continued)**

City contributions subsequent to the measurement date of \$2,767,056 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal year ending June 30:

2017	\$	27,892
2018		27,892
2019		27,892
2020		<u>751,003</u>
Total	\$	<u><u>834,679</u></u>

THE REMAINDER OF THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (OPEB)**A. Plan Description**

The City of College Park Postretirement Health Plan (the "OPEB Plan") is a single-employer defined benefit postretirement health care plan, or other postemployment benefit (OPEB) Plan. In accordance with GASB 45 requirements, the City of College Park is required to attribute the cost of postretirement benefits to the time during which the employee is working for the employer. Additionally, the City allocates the costs of the postretirement benefit plan onto the years of active employment; it does not require the funding of such benefits. The City has elected not to establish a separate trust fund to account for other postemployment benefits, and has not funded the OPEB Plan as of June 30, 2016.

Eligible retirees and former employees are offered the same health and prescription drug coverage as active employees. COBRA participants pay 100 percent of coverage cost which include both the employee and employer's portion of coverage.

A participant is eligible to receive benefits from the OPEB Plan upon retirement under the City of College Park Retirement Plan provisions. The OPEB Plan was established by the City's Mayor and Council. The Provisions of the Plan document have provisions similar to those provided for active employees. The City's Mayor and City Council are authorized to approve amendments to the Plan. City employees who retire at age 62 with 5 years of service, or age 60 with 25 years of service, or 25 years of service if employed prior to January 1, 1983 are eligible to receive retiree benefits and must have been covered under the medical plan as an active member immediately prior to retirement; participants not eligible for retirement at the time of their termination are not eligible for immediate or future benefits from the OPEB Plan. Retirees may not resume coverage under the plan once coverage has lapsed.

At July 1, 2015, the date of the most recent actuarial valuation, there were 324 participants consisting of the following:

Retirees	22
Active employees eligible to retire	8
Active employees not yet eligible to retire	<u>294</u>
Total	<u><u>324</u></u>

B. Funding Policy

The City is not required to make any contributions to the OPEB Plan. The City of College Park has yet to adopt any funding requirements to the OPEB Plan other than pay-as-you-go.

For 2016, the City's recommended contribution was \$483,895 and employer contributions totaled \$136,556 representing pay as you go payments. The recommended contribution was determined as part of the July 1, 2015 actuarial valuation using the projected unit credit actuarial cost method.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

C. Annual OPEB Cost

The City's actuarially required contribution, annual OPEB cost, and increase in net OPEB obligation for the fiscal year ended June 30, 2016, were computed as follows:

Actuarially required contribution	\$ 483,895
Interest on prior fiscal year net OPEB obligation	66,095
Adjustment to ARC	(91,882)
Annual OPEB cost	458,108
Actual contributions made	(136,556)
Increase in net OPEB obligation	321,552
Net OPEB obligation, June 30, 2015	1,652,370
Net OPEB obligation, June 30, 2016	\$ 1,973,922

Fiscal Year Ended June 30,	Annual OPEB Cost	Actual OPEB Contribution	Percentage of OPEB Cost Contributed	Net OPEB Obligation
2016	\$ 458,108	\$ 136,556	29.8 %	\$ 1,973,922
2015	538,883	198,117	36.8	1,652,370
2014	562,102	201,920	35.9	1,311,604

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liability. As of the most recent valuation date, July 1, 2015, the funded status of the OPEB Plan was as follows:

Actuarial Value of Assets	\$ 0
Actuarial Accrued Liability (AAL)	3,351,996
Unfunded Actuarial Accrued Liability (UAAL)	3,351,996
Funded Ratio	0.0%
Covered Payroll	\$ 15,836,983
Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll	21%

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

C. Annual OPEB Cost (Continued)

Actuarial valuation involves estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the plan in effect at July 1, 2015 and are based on the types of benefits provided under the terms of the substantive plan at the time of the valuation. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. The assumptions used in the July 1, 2015 actuarial valuation are as follows:

Cost Method		Projected Unit Credit
Actuarial Asset Valuation Method		Not Applicable
Inflation Rate	4.00% per annum, compounded annually	
Healthcare Cost Trend Rate		HMO – 10.00%
		POS – 11.00%
Ultimate Healthcare Trend Rate		5%
Year of Ultimate Trend Rate		2026
Pre-retirement Mortality Rates	RP-2000 Combined Mortality Table	
Postretirement Mortality Rates	RP-2000 Combined Mortality Table	
Amortization Method		Level Dollar
Remaining Amortization Period		30 years-open

NOTE 11. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY

A. Excess of Expenditures over Appropriations

The following General Fund departments had actual expenditures in excess of appropriations for the fiscal year ended June 30, 2016:

General Fund:		
Police - Communications		\$ 605
Transfers out		264,071
Hotel/Motel Tax Fund:		
Transfers out		7,470,923

These expenditures in excess of appropriations were funded by greater than anticipated revenues or existing fund balance.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. BUDGET COMPLIANCE AND DEFICIT FUND EQUITY (CONTINUED)

B. Deficit Net Position

The following funds had a deficit net position at June 30, 2016:

Redevelopment Authority Fund	\$	6,269,637
Sanitation Fund (nonmajor enterprise fund)		359,824

The net position deficit in the Redevelopment Authority Fund will be reduced through a combination of collection of developer financing agreement fees, sales or development of land held for development, and General Fund appropriations, as necessary. The net position deficit in the Sanitation Fund will be reduced through increased user charges and General Fund appropriations, as necessary.

NOTE 12. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivable and payable balances as of June 30, 2016, are as follows:

Receivable Fund	Payable Fund	Amount
General Fund	FAA Project Fund	\$ 751,757
General Fund	Nonmajor enterprise funds	5,059
Nonmajor governmental funds	General Fund	363,859
Electric Fund	Redevelopment Authority Fund	500,000
Electric Fund	Convention Center Fund	265,673
		\$ 1,886,348

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONTINUED)

Interfund transfers for the fiscal year ended June 30, 2016, consisted of the following:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Hotel/Motel Tax Fund	\$ 8,670,923
General Fund	FAA Project Fund	399,776
Nonmajor governmental funds	General Fund	740,097
Convention Center Fund	Hotel/Motel Tax Fund	6,375,058
Convention Center Fund	Nonmajor governmental funds	111,803
Redevelopment Authority Fund	Electric Fund	2,100,505
Redevelopment Authority Fund	Nonmajor governmental funds	1,945,270
Nonmajor enterprise funds	Nonmajor governmental funds (SPLOST Fund)	200,000
Nonmajor enterprise funds	General Fund	299,078
		<u>\$ 20,842,510</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, and (2) to use unrestricted revenues collected in the General Fund and Electric Fund to finance various programs in other funds in accordance with budgetary authorizations.

Advances from/to other funds are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Electric Fund	Redevelopment Authority Fund	\$ 8,235,919
Electric Fund	Convention Center Fund	2,695,201
General Fund	Nonmajor enterprise funds	299,078
General Fund	Electric Fund	3,233,171
		<u>\$ 14,463,369</u>

The Electric Fund and General Fund advanced money to cover declining revenues in prior fiscal periods. The Electric Fund advanced money to the Redevelopment Authority to cover the shortfall of revenues as well as provide funding for the acquisition of properties. All amounts are expected to be paid over a twenty (20) year period at a minimum of \$500,000 per year commencing on July 1, 2014 through the increase of revenues and sale of properties for development throughout the City. During January 2013, the City established a repayment plan (as approved by the Mayor and City Council) for the Convention Center Fund and the Golf Course Fund which extends over a fifteen (15) to twenty (20) year period. The Convention Center Fund will repay advances to the General Fund and the Electric Fund over a twenty (20) year period at a minimum of \$291,145 per year commencing on July 1, 2014. The Golf Course Fund will repay advances from the General Fund over a sixteen (16) year period at a minimum of \$43,297 per year. Other advances are expected to be paid over the course of the next three (3) years.

NOTES TO FINANCIAL STATEMENTS

NOTE 13. HOTEL/MOTEL LODGING TAX

The City of College Park and Fulton County imposed a 3% tax on gross hotel occupancy revenues for the purpose of promoting tourism, conventions, and trade shows. In addition, the City has levied an additional 3% tax for the purpose of constructing and operating a convention center. For the fiscal year ended June 30, 2016, \$10,651,219 of hotel/motel tax was collected. Of the total collected, 100% was used for the promotion of tourism, conventions, and trade shows within the City (transferred to the City's Convention Center Fund and General Fund and distributions to the City's discretely presented component unit, the DMO).

NOTE 14. RELATED ORGANIZATION

The City's council is responsible for appointing all board members of the City of College Park Housing Authority. However, the City has no further accountability for this organization.

NOTE 15. JOINT VENTURES

Under Georgia law, the City in conjunction with other cities and counties in the Metro Atlanta area is a member of the Atlanta Regional Commission (ARC). Membership in an ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the ARC. The ARC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an ARC. Separate financial statements may be obtained from the Atlanta Regional Commission, 40 Courtland St NE, Atlanta, Georgia 30303.

NOTE 16. COMMITMENTS AND CONTINGENCIES

Grants from Governments

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Contractual Commitments

For the fiscal year ended June 30, 2016, the City had active construction projects related to various construction projects. At fiscal year end, the City's commitments with contractors totaled approximately \$489,000.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Contractual Commitments (Continued)

The City levies an excise tax at the rate of three percent (3%) on rental charges collected by rental car companies in the City. Under Georgia law, car rental tax collections generally must be used for convention, trade, sports, recreational purposes, and public safety projects. Pursuant to an intergovernmental contract, dated April 26, 1996, as amended, among the City of College Park, the City of Atlanta, and the City of Atlanta and Fulton County Recreation Authority, the City of College Park and the City of Atlanta have pledged all of their car rental tax collections to the repayment of approximately \$64 million in revenue bonds issued by the City of Atlanta and Fulton County Recreation Authority and the Atlanta Development Authority to finance various capital improvements, including certain infrastructure projects in connection with Philips Arena, the multi-purpose sports arena located in the City of Atlanta, and certain housing projects in the City of Atlanta. Pursuant to this contract, the City and the City of Atlanta remit all of their car rental tax collections to a custodian, which applies the collections to debt service on the bonds. The custodian then remits excess collections remaining at the end of each year to the cities pursuant to an allocation formula set forth in the contract. The amount reported as revenue for the current fiscal year, \$3,248,789, represents excess car rental tax collections remitted to the City by the custodian pursuant to the contract.

Litigation

The City is a defendant in certain legal actions in the nature of claims for alleged damages to persons and property and other similar types of actions arising in the course of City operations. Management of the City believes it is possible the City will incur a loss to settle these matters; however, a range for these losses cannot be reasonably estimated at this time.

Refunds of Ad Valorem Taxes Collected

Effective April 29, 2014, the Georgia General Assembly modified the State Statute regarding the collection of airport possessory interest taxes. This tax is collected from certain concessionaires operating leased premises within the City's limits at Hartsfield-Jackson Atlanta International Airport. The modification to the law adopted by the General Assembly could result in refunds owed if a vendor had an appeal in place at the time the law was changed.

NOTES TO FINANCIAL STATEMENTS

NOTE 16. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Agreements with the Municipal Electric Authority of Georgia

The Municipal Electric Authority of Georgia (MEAG) is a public corporation and an instrumentality of the State of Georgia created to supply electricity to local government electric distribution systems. As provided by state law, MEAG establishes rates and charges so as to produce revenues sufficient to cover its costs, including debt service, but it may not operate any of its projects for profit, unless any such profits insure to the benefit of the public.

As of June 30, 2016, the City is an electric utility participant in MEAG and obligated to purchase all of its bulk power supply requirements from MEAG for a period not to exceed 50 years. The City has agreed to purchase all of its future power and energy requirements in excess of that received by the City through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the Authority. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each participating City has guaranteed a portion of the unpaid debt based on their individual entitlement shares of the output and services of generating units acquired or constructed by MEAG. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations. Payments to MEAG are made monthly based on KWH usage. The total payments under these contracts amounted to \$20,220,920 in 2016.

At June 30, 2016, the outstanding debt of MEAG was approximately \$6.41 billion. The City's guarantee varies by individual projects undertaken by MEAG and totals approximately \$181 million at June 30, 2016.

During fiscal year 2009, MEAG and MEAG's bond holders authorized the usage of Municipal Competitive Trust ("MCT") funds. The original intended use of the MCT funds was to reduce MEAG's costs and thus charge individual participants, such as the City of College Park, less in power on a monthly basis. The MCT funds were only to be used in response to remedy potential deregulation in the State of Georgia. Since deregulation has not occurred in the State of Georgia, MEAG and MEAG's bond holders authorized the usage of the MCT funds as if deregulation had actually occurred. As a result, the City of College Park will receive a credit reduction in its monthly purchased power invoice; effectively reducing the City's cost. The projected benefits of this reduction over the next three (3) years as of June 30, 2016 are \$5,156,449.

NOTES TO FINANCIAL STATEMENTS

NOTE 17. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. The City participates in a public entity risk pool, known as the Public Risk Underwriters (PRU), which operates as a common risk management and insurance program. PRU establishes and administers this public entity risk pool to prevent or lessen the incidence and severity of casualty and property losses occurring in the operations of the City. PRU is obligated to provide for the cost of claims and related interest incurred by the City along with the cost of investigating, negotiating and defending such claims. The City pays an insurance premium to PRU for coverage against these risks of loss. However, the City is self-insured for workers' compensation claims. The City has purchased insurance coverage for aggregate claims that exceed \$500,000 per year. Claims have not exceeded insurance coverage in the last three years. No significant reductions in insurance coverage occurred in the current fiscal year.

A liability for workers' compensation claims is recognized in the General Fund when it is probable that a loss has occurred and is due for payment. The accrued claims liability includes related claim settlement costs.

The following describes the changes in the claims liability over the last two (2) fiscal years.

Fiscal Year	Beginning of Fiscal Year Claims Liability	Current Year Claims and Changes in Estimates	Claims Paid	End of Fiscal Year Claims Liability
2016	\$ 115,000	\$ -	\$ -	\$ 115,000
2015	1,393,689	115,000	(1,393,689)	115,000

Reconciliation of Fiscal Year 2016 claims liability to the Changes in Long-Term Liabilities table on page 54:

General Fund claims payable incurred and reported as of fiscal year-end included in accrued liabilities total of \$710,540 on page 18.	\$ -
Governmental Activities claims payable incurred but not reported as of fiscal year-end in total claims payable of \$115,000 as shown on page 55.	<u>115,000</u>
Total claims payable as of June 30, 2016.	<u><u>\$ 115,000</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 18. CONDUIT DEBT

On June 1, 2006, the City of College Park issued \$211,880,000 in taxable revenue bonds (Hartsfield-Jackson Atlanta International Airport Consolidated Rental Car Facility Project) Series 2006A for the purpose of funding the costs of acquiring, constructing, and installing a Consolidated Rental Agency Complex (the “RAC Complex”) as part of a Consolidated Rental Car Facility (the “CONRAC”) in order to serve the Hartsfield–Jackson Atlanta International Airport.

In addition, the City of College Park issued \$21,980,000 in taxable revenue bonds (Hartsfield-Jackson Atlanta International Airport Automated People Mover System Maintenance Facility Project), Series 2006B for the purpose of funding the costs of acquiring, constructing, and installing the maintenance and storage component of the Automated People Mover System (the “APM”) which will provide transportation between the RAC Complex and the Airport terminals.

Both Series 2006A and Series 2006B taxable revenue bonds will be solely paid back by the City of Atlanta and is only being disclosed as conduit debt by the City of College Park, as the City of College Park has no obligations to make payments other than the \$8,000,000 discussed in Note 6.

The aggregate principal amounts outstanding as of June 30, 2016 for conduit debt issued by the City of College Park are as follows:

Description	Amount Outstanding
Hartsfield-Jackson Atlanta International Airport Consolidated Rental Car Facility Project, Series 2006A	\$ 162,000,000
Hartsfield-Jackson Atlanta International Airport Automated People Mover System Maintenance Facility Project, Series 2006B	15,915,000
Total	\$ 177,915,000

Gateway Project – As previously discussed in Note 6, during fiscal year 2009, the Redevelopment Authority Fund issued two bond series – one, the \$34,060,000 taxable revenue bonds Series 2008 were issued to help finance a hotel project, and the second, \$7,445,000 revenue bonds Series 2008A were issued to help finance an office building project. To finance the remaining portions of the costs to develop the hotel and office building projects, the Redevelopment Authority Fund entered into various loan agreements. These loan agreements are structured with the developer, a third party, being the source of repayment and meet the definition of conduit debt and therefore the underlying asset and liability are not reported within the City’s financial statements as the City has no further obligation for the debt beyond the resources already provided. The terms of the conduit debt financing arrangements are discussed further on the following page.

NOTES TO FINANCIAL STATEMENTS

NOTE 18. CONDUIT DEBT (CONTINUED)

Gateway Project (continued) – For the hotel project, the overall expected costs are expected to be \$136 million to be financed with \$33.5 million in Series 2008 Bond proceeds (described in the long-term debt footnote), and a bank loan of up to \$76 million. The bank loan is secured by the property and construction in progress of the hotel project. In August 2014, the original developer of the property sold its interest to a third party and at that time, the original financing was retired and new developer bonds (Series 2014) were issued. At June 30, 2016, the total cost financed through these financing arrangements is approximately \$100.1 million.

For the office project, the overall expected costs are expected to be \$24.1 million to be financed with \$7.3 million in Series 2008A Bond proceeds (described in the long-term debt footnote), a bank loan of up to \$13.2 million. The bank loan is secured by the property and construction in progress of the office project. All of the loans will be retired when the developer of the project exercises its purchase option on the office project or at the maturity date during fiscal year 2049; with interest accrued at a rate equal to 18% per annum. At June 30, 2016, total cost financed through this financing arrangement is \$4,113,385 million. Accrued interest on the office project conduit debt financing arrangement is \$6,485,055 as of June 30, 2016.

NOTE 19. SUBSEQUENT EVENT

The City has entered into an agreement with the Georgia Environmental Finance Authority (GEFA) to borrow up to \$2,000,000 from the State Revolving Fund for the purpose of constructing water system improvements including the development of three (3) groundwater wells for additional and reliable water supply. The City will draw funds from GEFA as the project progresses and once completed, will execute a formal promissory note when the loan enters repayment. Formal terms for the loan will be finalized at that time.

CITY OF COLLEGE PARK, GEORGIA

**COMBINING AND INDIVIDUAL
FUND STATEMENTS
AND SCHEDULES**

CITY OF COLLEGE PARK, GEORGIA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt services and capital projects.

The **Car Rental Fund** – This fund is used to record the revenue and expenditure of taxes collected from the excise tax levied on rental cars in the City. The proceeds of this tax are restricted by state law for construction of convention centers, public safety, and recreation facilities.

The **Community Development Block Grant Fund** – This fund is used to report the revenue and expenditures of funds that are being utilized to construct and maintain certain City recreation facilities. These grant funds are restricted by the grantor agency.

The **Grants Fund** – This fund accounts for activities carried out by the City under the terms of various intergovernmental grants. These grant funds are restricted by the various grantor agencies.

The **Confiscated Drug Fund** – This fund accounts for the City's portion of cash condemned by Federal law enforcement officials through drug confiscations at Hartsfield-Jackson International Airport and is used to further general police enforcement activities. These funds are restricted by federal law.

The **State Drug Fund** – This fund accounts for cash condemned by local law enforcement officials through drug confiscations and is used to further general police enforcement activities. These funds are restricted by state law.

The **E911 Fund** – This fund accounts for the revenues derived from the E911 surcharge levied on all telephones within the City and the payment of expenditures related to that purpose. Police Dispatch is also included in this fund and is financed through an operating transfer in from the General Fund. These funds are restricted by state law.

The **Newton Estates Improvement Fund** – This fund accounts for revenues and expenditures related to a Special District Tax in the Convention Center area. These funds are restricted by state law.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The **Main Street Fund** - This fund accounts for the redevelopment of the City's Main Street. The Mayor and Council have appropriated \$300,000 for the purchase of properties and the renovation of those structures for ultimate resale to new businesses. Proceeds from sales are then reinvested in additional properties.

The **SPLOST Fund** - This fund accounts for proceeds of a sales tax levied in Clayton County, which will be used by the City for the exclusive purpose of capital outlay projects.

NONMAJOR PROPRIETARY FUNDS

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The **Sanitation Fund** – This fund is used to report the collection of revenues to pay for the cost of sanitation services provided to the citizens of College Park.

The **Stormwater Fund** – This fund, which was established during fiscal year 2008, is used to report the collection of revenues to pay for the cost of stormwater management provided to the citizens of College Park.

The **Golf Course Fund** – This fund, which was established during fiscal year 2007, is used to report the revenues and expenses generated or incurred through golf course activities.

CITY OF COLLEGE PARK, GEORGIA

STATISTICAL SECTION

This part of the City of College Park's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Page

Financial Trends..... 89

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity..... 95

These schedules contain information to help the reader assess the City's most significant local revenue source, power revenue and property tax.

Debt Capacity..... 103

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information..... 109

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information..... 111

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. The City implemented GASB 54 in Fiscal Year 2011; fund balance for governmental funds under the categories nonsependable, restricted, committed, assigned, and unassigned will be reflected in Fiscal Year 2011 and subsequent periods. The City also implemented GASB 63; Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position in Fiscal Year 2013.

Notes:
* Contractual expenditures are items such as utilities, workers compensation claims, and telephone expenses which benefit all departments.
** Capital outlay expenditures are reflected in the department which incurred these expenses.

SCHEDULE 6
CITY OF COLLEGE PARK, GEORGIA
General Government Tax Revenues by Source
Last Ten Fiscal Years
(Modified accrual basis of accounting)
(amounts expressed in thousands)

Fiscal Year	Property Tax	Car Rental Tax	Hotel/Motel Tax	Special Local Option Sales Tax	Alcoholic Beverage Tax	Sales Tax	Franchise Tax	Insurance Premium Tax	Total
2007	\$ 10,219	(1) \$ 6	(2) \$ 5,429	\$ -	\$ 759	\$ 5,554	706	\$ 1,068	23,741
2008	13,363	16	(2) 6,040	-	797	5,604	892	1,114	27,826
2009	11,472	10,623	(2) 5,167	43	782	4,768	945	1,141	34,941
2010	11,471	2,440	4,967	-	729	5,009	834	1,130	26,580
2011	12,622	2,465	5,563	-	843	4,897	771	1,097	28,258
2012	13,706	2,543	7,359	-	814	5,375	2,248	654	32,699
2013	13,096	2,603	8,443	-	830	5,364	2,123	695	33,154
2014	15,348	2,713	8,257	-	760	4,277	2,218	719	34,292
2015	13,149	2,922	9,803	-	798	3,783	2,236	752	33,443
2016	14,693	3,249	10,651	-	886	3,877	2,056	803	36,215

Notes:

- (1) Car rental taxes for 2007 and 2008 are being held by a trustee as a result of ongoing litigation and will not be recognized until ultimately being received by the City. Therefore, amounts for 2007 and 2008 are deferred at the fund level but recognized as revenue at the governmental activities level in accordance to GASB 34. Litigation was ultimately settled in 2009 and all deferred amounts were recognized at the fund level.
- (2) Fund was created during 2009.
- (3) For fiscal year 2010, the special local option sales tax revenue as reported in the SPLOST capital Projects Fund is recorded as intergovernmental revenue instead of as special local option sales tax revenue as was done in the prior year.
- (4) Property taxes net M&O digest decreased 10.08% over prior year digest.

2016	-	-	149,405	-	-	12,340	161,745	62.1%	11,077.67

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements.
(1) Information from Schedule 20 was used to calculate these amounts.

SCHEDULE 15
CITY OF COLLEGE PARK, GEORGIA
Ratios of General Bonded Debt Outstanding
Last Ten Fiscal Years

Fiscal Year	General Obligation Bonds (1)	Percentage of Estimated Taxable Value of Property	Per Capita
2007	\$ 142,115	18.52%	7,029
2008	136,543	16.11%	7,284
2009	171,312	17.91%	10,751
2010	164,699	6.58%	8,581
2011	157,730	5.20%	8,025
2012	150,916	5.14%	8,071
2013	141,352	5.86%	10,427
2014	140,639	4.98%	10,452
2015	159,948	5.88%	12,285
2016	149,405	5.32%	11,078

Notes:

The City's governmental activities did not have any general obligation bonds outstanding in the last ten (10) years. The amounts reflected in this schedule is business-type activities only. Details regarding the City's outstanding debt can be found in the notes to the financial statements.

SCHEDULE 16
CITY OF COLLEGE PARK, GEORGIA
Direct and Overlapping Governmental Activities Debt
As of June 30, 2016
(amounts expressed in thousands)

<u>Governmental Unit</u>	<u>Debt</u> <u>Outstanding</u>	<u>Estimated</u> <u>Percentage</u> <u>Applicable (1)</u>	<u>Estimated</u> <u>Share of</u> <u>Overlapping</u> <u>Debt</u>
Direct General Obligation Debt:			
Overlapping General Obligation Debt:			
Fulton County General Obligation Bonds	\$ 11,268 (2)	0.8426%	\$ 95
Atlanta - Fulton County Recreation Authority	118,967 (2)	0.1000%	119
Fulton-DeKalb Hospital Authority	127,875 (2)	0.1000%	128
Fulton County School District	71,840 (2)	0.1000%	72
Clayton County	75,000 (2)	0.100%	75
<hr/>			
City of College Park, Georgia direct debt			489
<hr/>			
Total direct and overlapping debt			<u>\$ 489</u>

Sources: Assessed value data used to estimate applicable percentages provided by the Clayton County Finance Department and Fulton County website. Debt outstanding data provided by Clayton County Finance Department and Fulton County website.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of College Park, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the resident and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

(2) Balances are from the previous year and are not readily available for the current fiscal year.
