## **College Park to Unveil 300+ Acre “Six West” Development Design Plans**

*Let's Talk! Community Meeting Scheduled for Thursday, June 11th*

**College Park, GA/June 10, 2020** - The City of College Park will hold the last of three meetings in the virtual *Let's Talk Community Meeting Series* on **June 11, 2020**, at **4:00 pm** via [Zoom](#). The meetings are designed to educate, inform, and gain input from the community on the design of Six West (formerly known as Airport City). The series will conclude by sharing the resulting vision that was developed for Six West with the input of the community.

“West of downtown College Park and just west of the airport, Six West covers six historic avenues that pay homage to five Ivy League schools and civic leader John Wesley,” said Artie Jones III, Director of Economic Development for the City of College Park. “We aim to memorialize the site’s past while developing its future,” said Jones.

The first meeting of the series provided a historical perspective of the area, formerly known as Airport City, and an overview of the new Six West Development project. This meeting was video recorded and can be found on the City of College Park’s website. To further include and honor the communities of College Park, citizens and supporters were invited to complete a survey, which asked for input about potential features that could be included in the Six West Development.

During the second meeting, citizens and supporters were shown the results from the survey. They were also able to participate in an interactive webinar in which polls were conducted regarding the potential look, feel and function of Six West.

The community is asked to support the last meeting scheduled for June 11th starting at 4:00pm. Visit the College Park website ([www.collegeparkga.com](http://www.collegeparkga.com)) for the [link](#) to register and be among the first to see and give feedback on the design plans envisioned for the new Six West Development.

## **About The City of College Park, Georgia**

Encompassing 11.1 square miles, College Park is home to the world headquarters of Chick-fil-A, the most traveled airport worldwide in Hartsfield-Jackson Atlanta International, and has the largest and one of the most prestigious K-12 private schools in the continental United States - Woodward Academy.

College Park has one of Georgia's most vibrant entertainment, hospitality and convention communities, built surrounding the Georgia International Convention Center. In the fall of 2019, the city opened the Arena at the Gateway Center, which serves as home court for the College Park SkyHawks, the G-League subsidiary of the Atlanta Hawks, and the Atlanta Dream of the WNBA. College Park takes pride in new technologies, such as a compressed natural gas fueling station, and electric car charging stations along its historic downtown district. College Park's progressive vision makes it one of the most desirable places to live, work and play in the metropolitan Atlanta region.
